

"I appreciate the fact that you and other Teltek staff are so incredibly responsive. It has been amazing to work with a company that I can trust to do quality work and to do the work I need them to do and not 'sell me' on things I don't need."

Marian Wiggins,
National Student Partnerships

Experience the Teltek Difference...

Teltek is a second generation; family owned and operated telecommunications solutions integrator. Our knowledgeable staff specializes in current Voice over Internet Protocol (VoIP), digital, hybrid and key telephone systems in the small to mid-sized market place.

We distinguish ourselves by offering one-stop service and bundling a large variety of products and services such as: communications architecture and consulting, unified messaging, mobility solutions, voice and data cabling and local, long distance and internet brokerage services.

As a **Certified NEC Dealer**, we deliver Intelligent Communications solutions that enable companies to transform their businesses and achieve a significant marketplace advantage.

As Americas # 1 manufacturer, NEC has the ability to custom design a system to meet consumer's individual needs and requirements. The systems are continually evolving and incorporating new technology to maximize productivity and foster growth. The NEC Systems are built for the future and are designed to accommodate software upgrades which makes purchasing the system a viable investment.

Teltek's extensive client list includes the following prominent local and national organizations:

- American Tort Reform Association
- Association of Luxury Hotels
- Carroll Area Transit Systems
- Carroll County Ag Center
- Carroll County Chamber of Commerce
- Close Call America
- Health Associates/Health Trends Research
