

Teltek Obtains Maryland's Small Business Reserve (SBR) Certification

Teltek, a woman-owned telecommunications and technology solutions integrator with locations in Baltimore and Washington, D.C., was awarded Maryland's Small Business Reserve certification.

Baltimore, MD ([PRWEB](#)) March 23, 2015 -- The Small Business Reserve Program enables certified small businesses the capability to bid exclusively on specified State of Maryland contracts. Not only does the Small Business Reserve Program help to develop small businesses, it also helps to improve the local economy through job development.

“By increasing the accessibility to state-awarded contracts through the Small Business Reserve Certification, we hope to increase our local presence while continuing to provide exceptional technical expertise and customer care,” says Debra Nicoli, President and CEO of Teltek.

Teltek provides a unique one-call technology consulting and support service called Total Care Assurance to businesses and government organizations known in and around the Mid-Atlantic region. Services include IT consulting, phone systems, network configuration, voice & data cabling, computer repair, cloud services, disaster recovery and brokerage of bandwidth, voice and cloud services.
